

ACCESSORIES

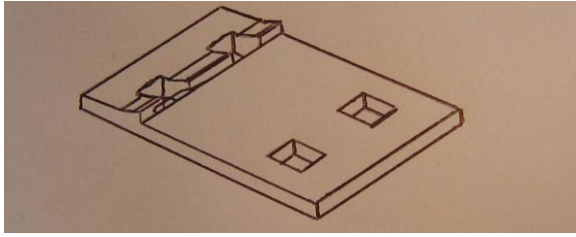

We stock all the necessary rail joiners and transition joiners to lay our track and both small and micro spikes for use with our turnouts. Other accessories available are bumping posts in all the rail sizes and wood bridge trestle tie kits. For those who may have an Old Pullman or BK Enterprises unmounted turnout kit, we provide tie kits in all the standard sizes. Our latest product release is cast urethane tie plates that will work for all three rail sizes.
